

The State Chamber's Leadership Nebraska is a nonprofit, 501(c)(3), tax-exempt Nebraska organization. It is funded by the generous contributions of corporations, foundations, and individual donors.

This vital undertaking begins with a vision for Nebraska's future and will be an opportunity for collaboration that spans our geography, our government, and across all lines of business and industry.

Tuition for the class will be \$3,000. Meals and lodging are included, but participants are responsible for travel costs to the class site. (Partial financial assistance may be available or a fee payment plan may be arranged. If you require financial assistance, please include a letter explaining the reason(s) for your request.)

Nomination forms for the next session may be submitted beginning July through mid October. Those interested in applying are not required to have a third party nomination; self-nominations are encouraged.

Applications are available online at: statechamberleadershipnebraska.com

THE STATE CHAMBER'S
LEADERSHIP NEBRASKA

The State Chamber's Leadership Nebraska

"Leadership and learning are indispensable to each other,"
~ John F. Kennedy

The State Chamber's Leadership Nebraska was founded in 2006 to identify current and emerging leaders throughout Nebraska, enhance their leadership skills, and deepen their knowledge of the challenges and opportunities facing our state. Leadership Nebraska is dedicated to the development of informed leaders who understand issues, define problems, develop solutions, and achieve positions of higher responsibility in Nebraska.

The State Chamber's Leadership Nebraska offers a program that is ten months in duration and will be accepting applications for its inaugural class. Core Program sessions are designed to address current issues facing the state. Each program session features speakers who are acknowledged leaders in their specific fields, while program participants actively engage in discussion and debate. The process offers an opportunity for inquiry, analysis, and development of solutions to the most pressing issues facing our communities and state.

Core Program sessions are held in communities across the state in order to expose participants to the different regions of Nebraska and the local issues important to each region. In addition, program participants experience the unique culture of each community, weaving for themselves a broad-based and comprehensive understanding of the challenges facing a state with many cultures and geographic diversity.

Each program year includes a two-day retreat and orientation, followed by educational sessions on topics such as:

- Health and Human Services
- Economic Development
- Education
- Agriculture and Natural Resources
- Public Policy and Government

The program is open to all citizens of the state. Leadership Nebraska selects a class each year of 25-30 leaders who represent a cross-section of the various geographic regions of the state from the public, private, and nonprofit sectors. Special consideration is given to ensure diversity of race, gender, and occupational background. Participants are selected using the following criteria:

- Commitment, motivation, and interest in serving Nebraska.
- History and demonstrated voluntary leadership in community activities.
- Record of accomplishments within his or her own company or organization.
- Interest in seeking future key volunteer and/or appointed leadership roles.
- An occupational commitment to remain in the state.
- Commitment to play a personal role in helping to shape Nebraska's future.
